2016/17

What we have achieved and where next Academic Year 2016/2017

| Key priorities to date: | Key achievements/What worked well: | Key Learning/What will change next year: |
|--|--|--|
| <p>Increasing levels of physical activity for children across the school.</p> | <p>After School Clubs After School Active clubs have gone through an evolution this academic year. At the end of June 2016, it was evident that the providers of the clubs were lacking in professionalism. During July and over the Summer, new provision was organised with a team of highly professional coaches who are also providing CPD for the staff. It has been decided that there will be a rolling timetable across the year of different clubs to give all children access to the clubs. We have been able to react to parent comments and children's needs by adding new clubs; for example continuing the highly successful Tag Rugby for KS2 into term 2 as well as Football.</p> <p>1Km Run route A Powerpoint has been shown in Assembly to introduce children to the 1Km run route in the caged area. To achieve a full 1Km, children must run 10 times around the area, carefully following the yellow line. Year 6 Sports Captains are in charge of monitoring the runner during early morning and morning play. They have designed certificates to go out to children who are running regularly for their class and house. The house that runs the most, will get 100 house points at the end of the term. It has started incredibly well and children are running every day.</p> | <p>Until we have had a few terms of this provider and the rolling timetable, it will be difficult to evaluate impact. One key area of improvement must be the addition of lighting in the caged area. We currently have a tennis club on a Monday which is timetabled to continue throughout the year. In the winter months it has to go inside to the hall due to bad light. Lighting would enable us to hold this club outside all year round and have winter netball tournaments as well. We are looking at options, although we are finding that they currently too expensive. We are looking into a yoga or Pilates class on a Friday where parents and children are welcome.</p> <p>It has been very popular to start with but may need some publicity to sustain the interest into next year. The Year 6 Sports Captains will clearly change and will need training up. They are not voted for until the first week back in September. KS1 are keen to run in the afternoon during play, so a system of having appropriate Year 2 children keeping the running log is in the pipeline. Impact will be evident in the Cross Country Run next year.</p> |

|--|---|---|
| <p>Quality of teaching, learning and assessment.</p> | <p>Training for staff to support new SOW and new curriculum. A new SOW has been purchased with the collaboration of the staff. This has given the staff the opportunity to have a say in the type of scheme they would like to teach. 70% of the staff wanted the chosen SOW as their first choice with 100% having it in their top three. To further compliment this SOW, 'Centre of Sport', headed by Gurdip Thind is supporting staff by providing CPD. Each teacher is timetabled to have a full term of support over the year. Gurdip is teaching a full unit to a class with the class teacher observing and team teaching. During a second session at the end of the year, each teacher will be able to team teach and teach to be observed by Gurdip. During this time, PE and Sport Subject Leader will also perform some lesson observations and monitoring.</p> | <p>Teaching of PE is good at Mereworth. At the end of this CPD it is estimated that teaching of PE will be outstanding at Mereworth. This will be evidenced by monitoring and observations which will begin this year. The actual effect of this CPD will be most evident next academic year when the class teachers will be able to have used all the CPD to influence their teaching.</p> |

| 1. the engagement of all pupils in regular physical activity - kick-starting healthy active lifestyles | Children are to be active for a minimum 2 hours a week of school led PE with the opportunity to access a variety of active clubs on the school site. | <ul style="list-style-type: none"> After school clubs linked to healthy lifestyles accessible to all. Subsidy for Football clubs. Continuation of a C4L club Years 3 and 4 at lunchtime. | £3,153.00 Income £1,576.50 | £1,051.00 | Choose 2 children from each after school club to track health and fitness. (Pupil conferencing) Healthy Living Journals completed in the Change for Life club. | Football club numbers declined by 44% and therefore provider was changed in January 2016 after listening to views of parents and pupils. Unfortunately, observations and monitoring meant that we had to out the clubs back out to tender. We found a company who can not only provide excellent provision of after school activity but also staff CPD. The company is Centre of Sport, winners of the London Borough of Bexley Best Small/ Medium Enterprise award 2016 | Pupil voice... how are the new clubs? Parent voice - audit planned for EOY. |

|--|--|---|-----------------|------------------|---|--|---|
| 2. the profile of PE and sport being raised across the school as a tool for whole school improvement | Pupils at Mereworth should have access to equipment across the school which will have an impact on gross motor skills. | Football goals for the caged area. During lunch time play in the Autumn, Winter and Spring months, children like to play football in their year groups in the caged area. During the Summer months they are allowed to play on the field and have the use of the football goals. We would like to purchase two mobile small goals for the area so that children can play mini games more successfully. It will then help to focus the games played. | £500.00 | | Boys and girls already play a lot of football, but this would help to focus the game. To ask Sports Captains to monitor and evaluate a term after purchase. | To be determined after purchase, however this will allow children to access the sport during playtimes and during wet weather. | Goals will need to be maintained and nets lifted during holidays to protect from animals and wear and tear. |

|---|---|---|-----------------|------------------|--|--|--|
| 3. increased confidence, knowledge and skills of all staff in teaching PE and sport | PE teaching to be of a good or outstanding in all year groups to enable children to learn at their own pace and be in control of their fitness. | <ul style="list-style-type: none"> • 1:1 training and support provided by Consultant/coach • Allocated time for PE subject leader to evidence and show impact of spend. | £4,620 | £840.00 | Triangulation of evidence including pupil conferencing and learning walks. Collection of data from audits. | PE lesson observations show 100% of the adults monitored are more confident teaching fundamental skills but felt that the previous scheme of work did not keep children active throughout the lessons. The new scheme plus the intervention of Centre of Sport has given staff a new insight into the teaching of PE. Please see impact reports for year groups accessing the CPD so far. Pupil voice - please see ongoing PE board. | Monitoring will continue across the school. Impact sheets to be completed by all staff as they complete the CPD. |

|---|--|--|---|------------------|--|--|--|
| 5. increased participation in competitive sport | Pupils at Mereworth should have access to all sports at a fun and competitive level. | <p>Currently only 20% of each year group (1-6) will be involved in competitive sport. These children are the more able. Although we engage the whole school in activities, we would like to extend the competitive provision more children across the school.</p> <p>To be able to do this we will need to have more inter-house competition within PE lessons. This would be in collaboration with the School Council and the Change for Life club.</p> <p>New storage to be located outside the school hall for competitive sports and after school provision</p> <p>New football and netball kits</p> | <p>£300.00 (Cover for adult attending)</p> <p>£2,000</p> <p>£400.00</p> | £540.00 | <p>Event fixtures listed above. Results and photographs to be on line after each event.</p> <p>Pupil interviews.</p> | <p>To be determined after pupil interviews.</p> <p>Audit of fixtures versus those accessed last year (2015/17 11 competitive events were attended)</p> | <p>To continue to attend meetings with Borough Green and District Sports.</p> <p>To continue to receive emails from School Sports Team.</p> <p>To continue to keep close links with other local schools for events and one off fixtures.</p> |
