

## Mereworth C.P. School

French Newsletter - June 2018

We have been learning about French culture within assembly time and have been especially focused on the French cuisine. We have learnt that some French foods, such as croissants, are very common in England, whilst others, such as snails, are not so common at all!

'I can't wait to learn more words than please and thank you.'

Callie Yr 2

### Sharing our learning

Year 3 are coming to the end of their first year of having French lessons, and they have been sharing their fantastic learning with Year 2 who are extremely excited about learning a foreign language!

'Last year, the only word I could say was bonjour and now I know so many more!'

Gino Yr 3

### Tour de France

We've been learning about the Tour de France which starts on Saturday 7<sup>th</sup> July and lasts for 3 weeks. The children have discovered that the race is broken down into 21 stages over different terrain, and covers 3,329km. We are looking forward to supporting team sky (GB) and seeing who wins the yellow jersey.
