Primary School

## The Big Battery Hunt 2018

This year, the school took part in the national Big Battery Hunt. The Mereworth children did an absolutely fantastic job of collecting batteries - see the table below.

Issue 3

June 2018

Across the school, **72 children**, and a couple of teachers, collected between 1 and 2000 batteries each.

PSHE Subject Leader:  
Mrs K Delaney

Although we were unfortunately not successful in winning any of the prizes from the scheme, in total we collected an amazing **12,755 batteries** which will not find their way into landfill sites.

The battery collection box is still in the reception area and although the competition is now closed, we will continue to collect batteries, so please keep bringing them in to fill the container.

Collection by Class		Class Winners		
Year R	2691	Year R	Hayden	1539
Year 1	689	Year 1	Rohan	210
Year 2	1417	Year 2	Albert	1172
Year 3	703	Year 3	Isabel	298
Year 4	1788	Year 4	Stanley	1199
Year 5	4334	Year 5	Francesca	1997
Year 6	1010	Year 6	Cameron	175

Congratulations to Freya from Year 5, sister of Albert - between them they collected 2292 batteries.

### *Values Based Education*

Our Values Based Education is still continuing across the school. This month's theme is COLLABORATION and as a school we are encouraging and celebrating collaborative work.

Currently in the school hall there are a selection of pictures, mindset colouring and quotes that the children can collaboratively colour during breakfast club or whilst waiting for lunch.

They haven't been up for long but the children are already enjoying working together during some relaxing colouring sessions.

## **E Safety**

I recently sent out letters via email regarding Snapchat and Fortnite - Battle Royale.

Please read the information and guidelines for supporting your children in playing this game and using the app Snapchat.

Thank you.
