Emergency Planning Policy

Policy updated: September 2018

Security Procedures for Evacuation and Lockdown

IMMEDIATE ACTIONS

Rationale

As part of the Schools Health and Safety policies and procedures this policy has been written to ensure that the safety of everyone on the school site is given the highest priority.

LOCKDOWN

On very rare occasions it may be necessary to seal off the school so that it is not able to be entered from the outside. This will ensure that pupils, staff and visitors are safe in situations where there is a hazard in the school grounds or outside the school in the near vicinity.

A lockdown is implemented when there are serious security risks due to, for example:

- near-by chemical spillage
- proximity of dangerous dogs
- a major fire in the vicinity
- serious weather conditions
- attempted access by unauthorised persons intent in causing harm/damage.

Notification of Lockdown

Staff will be notified that lock down procedures are to immediately take place on hearing the code word "LOCKDOWN" (the fire alarm is only used for evacuation). This code word can be communicated instantly across the school by use of the internal 'tannoy' system (see appendix 3 for more details). Remember 'Stay Safe' principles (Run, if you can't run, Hide, Tell) at an incident.

Procedures:

1. Use of the code word will activate a process of children being ushered into the school building if on the grounds as quickly as possible and the locking of the school's offices, classrooms, connecting doors and all outside doors and shutters where it is possible to remain safe.
2. At the given signal the children remain in the room they are in and the staff will ensure the windows and doors are closed, locked and screened where possible and children are positioned away from possible sightlines from external windows/doors. Lights, interactive boards and computer monitors should be turned off.
3. Children or staff not in class for any reason will proceed to the nearest occupied classroom and remain with that class and class teacher e.g. children using toilets when alarm goes. If a class is in the open they are to go to one of the nearest rooms.
6. If practicable staff should notify the front office by phone that they have entered lock down and advise of those children not accounted for.
7. As appropriate, the office staff will establish communication with the emergency services.

NO ONE SHOULD MOVE ABOUT THE SCHOOL

8. Staff should support children in keeping calm and quiet taking a head count of children present.
9. Staff to remain in lockdown positions until informed by key staff e.g. Senior Management Team, Chair of Governors or Office Staff in person that there is an all clear.
10. As soon as possible after the lockdown teachers return to their own classrooms and conduct a roll call and notify the office immediately of any pupils not accounted for.
11. If it is necessary to evacuate the building, the **fire alarm** will be sounded.

Staff Roles:

1. Front office staff to ensure that their office(s) are locked and police called if necessary.
2. Premises staff to lock all external exits if safe to do so.
3. Individual teachers/HLTAs/TAs lock/close classroom door(s) and windows.

Communication with parents

- If necessary parents will be notified as soon as it is practical to do so via the school's established communication network.
- Depending on the type and severity of the incident, parents may be asked NOT to collect their children from school as it may put them and their child at risk.
- Pupils will not be released to parents during a lock down.
- Parents will be asked not to call school as this may tie up emergency lines.
- If the end of the day is extended due to the lock down, parents will be notified and will receive information about the time and place pupils can be picked up from office staff or emergency services.
- A letter to parents will be sent home on the nearest possible day following any serious incident to inform parents of context of lockdown and to encourage parent to reinforce with their children the importance of following procedures in these very rare circumstances.

Lockdown drills

Lock down practices will take place a minimum of once a year to ensure everyone knows exactly what to do in such a situation. Monitoring of practices will take place and then debriefed to staff so improvements can be made.

EVACUATION

Evacuation is implemented when there are serious security risks due to, for example:

- Bomb threat
- Fire
- Firearms threat
- Other

Notification of Evacuation

The fire alarm bell will sound for any situation which requires the building to be evacuated.

Procedures:

1. All pupils and staff leave the building and assemble on the field. Avoid close proximity to the building. Emergency exits, assembly points and assembly point instructions are clearly identified by safety signs and notices.
2. HT/SLT/Office to contact Emergency Services
3. Admin officer/Fire Marshall to take:
 - Grab Bag
 - Defibrillator
 - Emergency First-Aid Kit
 - Mobile phone
 - I-pad
 - Registers and Absence list
 - Visitors Book
4. Staff headcount children. Office headcount staff/visitors
5. If, on advice from the Emergency Services, it is necessary to evacuate the school grounds, then the alternative/safe assembly point is at **St. Lawrence's Church, Mereworth.**

The following three roles should be assumed when responding to an emergency in school (this may be choking, asthma attack, intruder or many of the other emergencies detailed in this policy):

Individual/individuals involved – Either the class teacher or nominated first aider, whichever is the most suitable for the particular emergency stays with the individual involved.

Remaining children – Remaining staff move the pupils away from the incident to another area so that they are not traumatised by the event.

Phone contact – One person phones the emergency services. They then call the parents, sharing factual detail of what has happened, the action being taken and the emergency services update.

The following guidance on Human and Medical Emergencies has been extracted from "Emergency Planning for Schools in Kent 2016" (see Appendix xx) and adapted to fit Mereworth Community Primary School's individual circumstances.

Human Emergencies

Aggressive or Unacceptable Behaviour from a visitor

At Mereworth Community Primary School we safeguard children and staff by restricting the entry of visitors to known individuals and others who have identified themselves properly at reception.

If a visitor's identity is not proved to the satisfaction of reception staff then they will not be admitted. If staff are unsure about the validity of identification produced it may be necessary to ask for additional corroboration e.g. through making a phone call to the visitor's employer.

Should a visitor become threatening, abusive or aggressive to reception staff or appear to be under the influence of drugs or alcohol, call Police using 999 without delay.

Entry Systems - use of this system is restricted to authorised staff.

Pupils, parents and visitors must not have access to the door entry mechanism. Although schools are busy environments, maintaining control over visitor entry takes precedence over all other considerations.

Suspicious or Dangerous Person

Suspicious person seen outside school grounds

If a suspicious person is seen loitering or otherwise outside the school grounds, the school will:

- Use internal phone system to alert all staff.
- Immediately lock external doors.
- Staff inside classrooms lower blinds.
- Call Police immediately. Give the Police as much information as possible.

Description

Name if known

Behaviour

Whether armed

- Staff should continue normal teaching.
- Do NOT leave the building to challenge the person.
- Wait for Police to give an all clear before unlocking doors.

Intruder inside school buildings

If a suspicious person is seen inside the school buildings:

- Alert all staff
- Follow lockdown procedure

Serious Assault by a Pupil

If a pupil commits a serious assault, whether using a weapon or not, the following action is followed:

Do **NOT** challenge or approach the pupil.

Consider initiating lockdown for 'Intruder inside/outside School Buildings.' This will depend on the suspected whereabouts of the pupil and the likelihood of further assault if the lockdown is initiated

Suspicious Device or Package do we evacuate building

If a suspicious package has been found, the following procedures will be followed:

- Using a landline telephone, Emergency Services to be contacted
- Alert staff using internal phone system 'tannoy system' saying ... *'go to Fire Assembly point'*
- Pick up grab bag

- Avoid causing vibrations (from running, fire alarms) as they can detonate some devices.
- Follow evacuation procedure
- Account for all pupils/students, staff and visitors
- Establish lines of responsibility, accountability and leadership and inform all staff to maintain timelines and records of all actions and events.
- Inform parents if applicable and arrange a location for pickup, away from the school site
- Do not allow anyone to re-enter the building until authorised to do so by the police.
- Inform chair of governors.

Suspicious Mail

What to look for:

- A letter or package with suspicious or threatening messages written on it.
- Letters with oily stains.
- Envelopes that are bulky discoloured or have a strange smell.
- Excessive tape or string.
- Unusual weight in relation to size.
- Unexpected post from overseas.
- Post with no stamps or non-cancelled stamps.
- Post with incorrect spelling of common names, places or titles.
- Postmark that does not match a return address.
- No return address.

When opening post:

- Examine/feel unopened packages for unusual objects or powder.
- Use a letter opener or other means rather than fingers.
- Open with a minimum amount of movement.
- Do not blow into the envelope in order to open it.
- Look at the contents inside an envelope/package before tipping them out.
- Keeps hands away from mouth during mail opening.
- Always wash hands after handling mail.

If concerned about any item of post:

- Do not open or disturb it any further.
- Inform the police.
- Follow evacuation procedure if appropriate

If a contaminated package has been opened:

- Do not touch the package further or move it to another location.
- Notify the Police by 999
- Shut windows and doors in the room and prevent anyone else from entering.
- Switch off any fans or room air conditioning equipment.
- If the package has not been opened leave the room, securing it if possible.

Bomb Threat

If a bomb threat is made by telephone, try to record the exact wording of the threat.

Try to ask these questions, in this order:

- What time is the bomb set to explode?
- Where exactly is the bomb located?
- What kind of bomb is it?
- What does it look like?
- How did it get in to the school?
- Why was it placed in the school?

Follow evacuation procedure.

(See Appendix 1 NaCTSO Guidance Note)

Fire or Explosion, or Risk of Explosion

In the event of:

- a fire of ANY size, even if dealt with and believed to be extinguished.
- any explosion or release of flammable gas or liquid, likely to cause an explosion (for mains gas leak, see next section)

The head teacher or member of staff closest to the incident will immediately:

- Initiate school emergency procedures to evacuate the school
- Notify fire brigade and ambulance if needed.
- Establish lines of responsibility, accountability and leadership.
- Inform all staff to maintain timelines and records of all actions and events.

- Account for all pupils staff and visitors and remain in designated area, ensure designated area is safe from falling debris
- Evacuate to a more suitable location as soon as possible.
- Close all doors and windows to fire or explosion area if safe to do so.

Additional note: Staff should only use fire extinguishers if trained in how to operate them safely. If trained, they should only use the extinguisher if confident to do so and not put themselves or others at undue risk. There should always be a clear escape available. Ensure the alarm is raised BEFORE attempting to tackle a fire.

Gas Leak

If a gas is suspected:

- Locate the gas master switch and turn it off.
- Phone the Gas Leak Emergency Number
0800 111 999
- Initiate school emergency procedures to evacuate the school
- Notify fire brigade and ambulance if needed.

- Extinguish all naked flames.
- Don't switch on/off any electrical appliances, including light switches
- Open doors and windows for ventilation if safe to do so
- Keep other people away from the affected area
- Ensure designated area is safe and, if necessary plan for evacuation to a more suitable location as soon as possible.

Abduction

In the case of an abduction or attempted abduction from school surroundings we will:

- Note as many details as possible e.g. physical description, type of vehicle, clothing etc.
- Call Police immediately.
- Establish lines of responsibility, accountability and leadership.
- Inform all staff to maintain timelines and records of all actions and events.
- Contact the KCC Media Office.
- Inform chair of governors.
- Agree a spokesperson to liaise with the media and Police.

Missing Child

If a child goes missing the procedure followed will be:

- Staff alerted (including information about what the child was last seen doing and where, and how long since the child was seen).
- Key staff assist with an organised search for the child as directed by the class teacher or the Head teacher.
- Office staff contact the child's parents to inform them of the situation and to enquire if the child has returned home. If the child is at home the parents will be informed by telephone of the known facts surrounding the child going missing.
- If the child is not at home the Head Teacher will, in consultation with the parents, begin a search outside of the school premises.
- If the parents cannot be contacted at home the Head Teacher (or other adults as directed by the Head Teacher) will begin a search outside of the school's immediate premises. This may include a visit to the child's home.
- If the child is still not found the Head teacher (or other staff if so directed by the Head Teacher) will inform the police and, as appropriate, Social Services and the Chair of Governors of the child's disappearance.
- The Head Teacher will follow the instructions of the police regarding the continuation of the search for the child.

When a missing child has been located and safely returned to school, the child's family or the police, the Head Teacher will conduct an investigation into the circumstances of the child going missing. This is in order to identify any factors that need to be addressed by the school or communicated to the parents to prevent a recurrence of the child going missing.

SECTION 6 – BUSINESS CONTINUITY

6.1 Purpose of the Business Continuity Phase

The purpose of the business continuity phase of your response is to ensure that critical functions are resumed as quickly as possible and/or continue to be delivered during any disruption. This may involve activating one or more of your business continuity strategies to enable alternative ways of working. During an incident it is unlikely that you will have all of your resources available to you, it is therefore likely that some 'non critical' functions may need to be suspended at this time.

6.2 Critical Function Analysis and Recovery Resources

	Critical Function	MTPD	RTO	Minimum Service Level
1	Deliver a timetable of education for EYFS & KS1	7 days	1 day	1 member of qualified staff per 30 pupils with key resources

6.2.1 Strategies for Continuity of Services

	Arrangements to manage a loss or shortage of Staff or skills	Further Information (e.g. Key contacts, details of arrangements, checklists)
a.	Use of temporary staff e.g. Supply Teachers, HLTAs, Office Staff etc.	See attached staff contact list
b.	Multi-skilling and cross-training to ensure staff are capable of undertaking different roles and responsibilities. Identified deputies, job shadowing, succession planning and handover periods for planned (already known) staff absence e.g. maternity leave.	
c.	Using different ways of working to allow for reduced workforce, this may include: <ul style="list-style-type: none"> • Larger class sizes. • Use of Teaching Assistants, Student Teachers, Learning Mentors etc. • Virtual Learning Environment opportunities. • Pre-prepared educational materials that allow for independent learning. • Team activities and sports to accommodate larger numbers of pupils at once. 	
d.	Using mutual support agreements with other Schools: emergency secondments.	Discovery School, Kings Hill
e.	Ensuring Staff management issues are considered i.e. managing attendance policies, job description flexibility and contractual requirements etc.	
f.	As a last resort, providing a child-minding (rather than educational) service using the above volunteers and remaining staff (to less impact on local and wider economy).	

	Arrangements to manage loss of technology / communication / data / power	Further Information (e.g. Key contacts, details of arrangements, checklists)
a.	Back-ups of key school data e.g. CD or Memory Stick back-ups, photocopies stored on and off site, mirrored servers etc.	
b.	Reverting to paper-based systems e.g. paper registers, whiteboards etc.	
c.	Flexible lesson plans.	
d.	Emergency generator e.g. Uninterruptible Power Supply (UPS).

c.	Virtual Learning Environment opportunities.	Use of school website, MyMaths etc
d.	Localising the incident e.g. isolating the problem and utilising different sites or areas within the school premises portfolio.	
e.	Off-site activities e.g. swimming, physical activities, school trips.	
f.	Stagger lessons across break times and lunch to maximise use of available space, and extend the school day to expand the time available in classrooms.	

	Arrangements to mitigate the loss of key suppliers, third parties or partners	Further Information (e.g. Key contacts, details of arrangements, checklists)
a.	Pre-identified alternative suppliers.	Loss of kitchen – supplies sourced from local supermarket

c.	Insurance cover.	
d.	Using mutual support agreements with other schools.	

SECTION 7 – RECOVERY AND RESUMPTION

7.1 Purpose of the Recovery and Resumption Phase

The purpose of the recovery and resumption phase is to resume 'business as usual' working practises for the school as quickly as possible. Where the impact of the incident is prolonged, 'normal' operations may need to be delivered under new circumstances e.g. from a different location.

7.2 Recovery and Resumption Actions

	ACTION	FUTHER INFO/DETAILS	ACTIONED? (<i>tick/cross as appropriate</i>)
