

Maths Passports and Time Tables

Please practice your child's Maths Passport target or times table target weekly and then create a check at the end of the week for them to demonstrate that they have met this target. You can refer to the School websites in the Maths section under Maths Passports.

Africa				
Week 1	Week 2	Week 3	Week 4	Week 5
Know by heart all the number bonds that total 20	Halves of numbers to 20	Round 2 digit number to the nearest 10	Doubles of even numbers to 20	Divide a number up to 30 by 2

Australasia				
Week 1	Week 2	Week 3	Week 4	Week 5
Multiply a number (1-12) by 8	100 more and 100 less than a 2 or 3 digit number	Halves of numbers to 50	Divide a number by 8 (using a number in the 8 times table)	Multiply a number (1-12) by 6

Antarctica				
Week 1	Week 2	Week 3	Week 4	Week 5
Know by heart all multiplication facts for 7 times table up to 7×12	Know by heart all division facts for 7 times table up to $84 \div 7$	Halve any 2 digit number up to 99	To know the decimal equivalence for $\frac{1}{2}$ $\frac{1}{4}$ $\frac{3}{4}$ and $\frac{1}{10}$	Round a number with up to 1 decimal place to the nearest whole number

South America				
Week 1	Week 2	Week 3	Week 4	Week 5
Recognise equivalence between fraction / decimal / percentage	Recognise and recall factors of numbers up to 100	Know square numbers up to 12×12	Recall prime numbers to 100	Halve / double any number with 1 decimal place

North America				
Week 1	Week 2	Week 3	Week 4	Week 5
Know fraction / decimal / percentage equivalence of simple fractions	Halve / double any number with 1 decimal place	Round a 7 digit number to nearest: 10, 100, 1000, 10,000, 100,000	Identify common multiples of whole numbers	Round any number with up to 2 decimal places to the nearest whole number
