

Week Beginning - 20.04.2020

English Challenge

'Floodland' by Marcus Sedgwick is our text for this term.

This is the front cover.

What do you notice about the image, what can you see and where might it be?

This is an image from the beginning of the book.

Think about:

Why do you think the novel opens with this image?

What does this suggest to you about the story that will unfold?

What impression is made on you by this image?

From whose viewpoint may this image be taken?

Now look at the front cover and title of the book.

What does this make you think about? What is a flood?

What do you think the title, Floodland means?

How does this relate to the image you have looked at?

Does it confirm or challenge any of the initial ideas you had?

Write down your thoughts like a mind map.

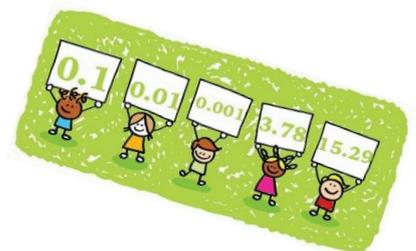

Maths Challenge

83.462

- * Can you name the value of all of the digits in the number above?
- * What is 3 tenths more?
- * What is 4 hundredths less?
- * What is 5 thousandths more?
- * Can you put the following decimals in order from smallest to largest?

23.6 23.60 23.56 23.61 23.5

Science Challenge

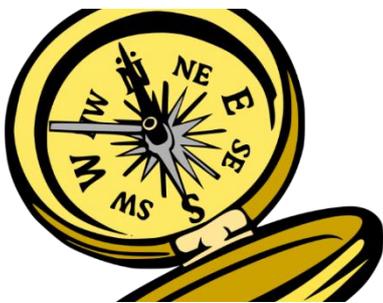

Have a look at some photos of your family (brothers and sisters, parents, grandparents).

Think about the features of the members that are different ages?

How do you know they are children/grandparents?

Siblings (children)	Parent	Grandparent
*	*	*
*	*	*
*	*	*
*	*	*

Topic Challenge

Research to find a map of the United Kingdom.

Think about your compass knowledge and discuss where some counties are in our country.

Using your compass directions can you direct a journey from one place to another? You could play this with a partner.

For example:

How can Bob get from Manchester to London?

'Bob needs to travel South East to get to London from Manchester.'

Curriculum Challenge – PSHE

Can you talk with your parents and create a family tree?

You could go back as far as your great grandparents?

It is always really interesting to find out how all your family are related if you weren't completely sure.

Think about keeping your relationships healthy whilst at home during this time. We did a lot of work on healthy relationships when we were at school. You could create a poster to show all the ways you can have a happy and healthy household and put it up in your bedroom (or even around the house for everyone to enjoy).
